"Our event was a great success and we had lots of comments about how lovely the room, catering and venue were.

The staff were so attentive and approachable and really made us feel looked after. It's always great to go to venues where you are confident in the staff and know that everything will run like clockwork."

About St Cuthbert's Hospice

We are a registered charity, and provide a special kind of care and support to people in North Durham who are coping with the effects of life-limiting illnesses. We make no charge for our services, but we must raise £4,000 every single day in order to meet our running costs.
